I. INTRODUCTION

This Medical Assistance Provider Bulletin (MAPB) provides important information on the Wisconsin Medical Assistance Program's (WMAF) implementation of a new HCFA 1500 claim form and 1992 Current Procedural Terminology (CPT) procedure codes. **It is important that providers review this information carefully and share it with billing staff.**

Providers should pay particular attention to the text and Attachment 3 and 4 of this MAPB for information on new billing procedures and policies.

II. NEW NATIONAL HCFA 1500 CLAIM FORM

The Health Care Financing Administration (HCFA) has mandated that all state Medicaid programs use the revised National HCFA 1500 claim form (dated 12/90). All paper claims received by EDS from March 15, 1992, through May 1, 1992, may be submitted on either the current HCFA 1500 claim form (dated 1/84) or the new claim form.

All claims, including the resubmission of any previously denied claims, received by EDS after May 1, 1992, must be submitted on the HCFA 1500 claim form dated 12/90. Claims received by EDS after May 1, 1992, on claim forms other than the HCFA 1500 (12/90) claim form, will be denied. Modified versions of the National HCFA 1500 claim form may also be denied.

Please allow ample mailing time to ensure that claims submitted on the current HCFA 1500 claim form are received at EDS by May 1, 1992.

Crossover claims for Medicare Part B coinsurance and deductible allowed charges may be submitted on either the new or old HCFA 1500 claim form.

There are no changes to the submission of electronic claims.

A sample claim form and detailed claim form completion instructions are included in Attachments 3 and 4 of this MAPB. All claims received by EDS on the new HCFA 1500 claim form must be completed according to these instructions.

As you read the completion instructions in Attachment 4, please watch for the following changes:

- The procedure code is now indicated in Element 24D of the claim form, but the procedure code description is no longer required.
- An emergency condition must be indicated for each applicable line item on the claim form by entering an "E" in Element 24I.
- Family planning services and services resulting from a HealthCheck (EPSDT) referral must be indicated for each applicable line item on the claim form by entering "F" for family planning services, "H" for HealthCheck services, or "B" for both in Element 24H.

The National HCFA 1500 claim form is not provided by either the WMAP or EDS, but may be obtained from a number of forms suppliers. One such source is:

III. 1992 CURRENT PROCEDURAL TERMINOLOGY (CPT)

Effective with dates of service on or after January 1, 1992, the WMAP began accepting the allowable procedure codes from the 1992 edition of the Current Procedural Terminology (CPT) published by the American Medical Association, subject to the following conditions:

- For dates of service prior to January 1, 1992, the WMAP is accepting only 1991 CPT codes. Claims submitted with inappropriate procedure codes for the date of service being billed are denied.
- For claims received by EDS prior to April 1, 1992, for dates of service January 1, 1992, through March 31, 1992, the WMAP is accepting either the 1991 or 1992 CPT procedure codes.
- Claims received by EDS on or after April 1, 1992, for dates of service on or after January 1, 1992, must indicate 1992 CPT procedure codes.

Providers should note several important changes in the 1992 CPT:

- The 1992 CPT deletes all visit and consultation procedure codes (90000-90699) and all preventive medicine procedure codes (90750-90778), and replaces them with new codes.
- The 1992 CPT deletes many procedure codes, some of which replace local codes previously reimbursable by the WMAP (e.g., local codes for insertion, removal, and the cost of the Norplant contraceptive device are replaced by CPT procedure codes for the insertion and removal of contraceptive implants).

Copies of the 1992 CPT may be purchased by writing to the American Medical Association at the address listed in Appendix 3 of Part A of the WMAP Provider Handbook. Providers are referred to the 1991 and 1992 CPT for the appropriate procedure codes for the date of service being billed.

IV. PLACE OF SERVICE CODES

Until further notice, the WMAP will continue to require the single-digit place of service codes on the HCFA 1500 claim, not the two-digit place of service codes required by Medicare. Claims with Medicare Part B allowed charges that cross over to the WMAP from WPS will have the place of service codes automatically converted to single-digit codes for claims processing. However, paper crossover claims, as well as all paper and electronic claims submitted directly to the WMAP, must indicate the appropriate single-digit place of service code.
